

Revised orders of the Government of India regarding the acceptance by Political Officers and other British officials of gratuitous assistance from Native States.

No. 3686-I.B., dated the 15th September 1908.

From—The Secretary to the Government of India, Foreign Department;

To—The Secretary to Government, Political Department, Bombay.

I am directed to refer to the correspondence ending with the letter from the Government of India in the Foreign Department, No. 4986-I.B., dated the 31st December 1907, on the subject of the acceptance by Political Officers of gratuitous assistance from Native States.

2. The Government of India have had under their consideration those matters dealt with in their Foreign Department Resolution No. 1600-G., dated the 31st July 1905, which were not referred to in the letter mentioned above, *viz.*—

(a) The provision of houses and furniture for Political Officers (paragraphs 8 and 9 of the Resolution).

(b) The use of rest-houses or guest-houses maintained by Darbars (paragraph 10 of the Resolution).

(c) The provision of tents and camp equipage (paragraph 12 of the Resolution).

(d) The acceptance by officers in political employ of free supplies of provisions, fuel, fodder, lighting, etc., at head-quarters (paragraph 13 of the Resolution).

3. As regards the points (b), (c) and (d), I am to say that the orders of 1905 are re-affirmed.

4. As regards (a), paragraphs 8 and 9 of the Resolution of the 31st July 1905 are cancelled, and I am to convey the following revised instructions in lieu thereof:—

The houses occupied by Political Officers may be divided into three classes—

(I) Those owned by Darbars.

(II) Those owned by Government.

(III) Those owned by Local Funds.

(I) *Houses owned by Darbars.*—Where a Darbar is willing to dispose of such property, it should ordinarily be purchased by Government. If, however, a State is under obligations, similar to those existing in the case of Kolhápūr, to defray the expenses of an Agency, or where a Darbar is unwilling to change the previously existing arrangements or to divest itself of its property, the following procedure should be followed in regard to:—

(a) the house;

(b) the furniture;

(c) the assistance to be accepted from a Darbar in regard to servants for the care of the house and the maintenance of gardens.

(a) The house may remain the property of the Darbar, and the Political Officer may be permitted, with the special sanction of the Government of India, to occupy it on the conditions previously existing, but no expenditure for alterations or additions to it should be put upon the Darbar without the prior written consent of the Bombay Government.

(b) Where a Residency or Agency house of this kind has hitherto been partially or wholly furnished either by the Darbar or by Government, the house should in future, where possible, be furnished throughout* by Government, the Political Officer being required to pay

* Except as regards linen, crockery, cutlery, cooking utensils, lamps.

rent for the same calculated at 8 per cent. of the value of the furniture required for his personal use only, subject to a maximum of 5 per cent. of his salary and local allowance.

If a Darbar is unwilling to sell or remove the furniture in its house, this may be allowed to remain, but no renewals or renovations should be made at the cost of the Darbar without the special sanction of the Government of India.

(c) In regard to the establishment required for the maintenance of the grounds and care of the house, where any such has hitherto been maintained by a Darbar, the extent to which a Political Officer may be allowed to depend upon a Darbar should now be precisely prescribed by the Local Government and no further assistance should be accepted without the prior consent of that Government.

(II) *Houses owned by Government*:—In the case of houses which are already the property of Government or which may now be purchased or leased from Darbars, the Government of India have decided (a) that where any furniture has already been provided either by Government or by a Darbar, the house should in future be furnished throughout by Government, except as regards the articles mentioned above, and (b) that where the grounds are too extensive for a Political Officer to keep up at his own expense, a grant shall be given to him by Government to enable him to do this.

In return for these facilities the Political Officer will be required to pay rent under Article 919 of the Public Works Department Code subject to a maximum of 10 per cent. of his salary and local allowance.

Where furniture is not supplied, or where no assistance is given by Government towards the upkeep of the grounds, the rent payable should be calculated as above, subject to a maximum of 5 per cent. of the officer's salary and local allowance.

(III) *Houses owned by Local Funds*:—In regard to houses owned by Local Funds, subject to the proviso that the conditions under which Political Officers may occupy such houses are not more favourable than those detailed in paragraph 4 (II) of this letter, the Government of India leave it to the discretion of the Bombay Government to issue such further orders, if any, as they may think fit: it being understood that no fund of a local or municipal character should be utilised for a Political Officer's house, private garden or premises without the express sanction of the Bombay Government.

5. I am to add that, under instructions received from His Majesty's Secretary of State for India, no Political Officer should in future be allowed to occupy free quarters at the expense of a Darbar in British territory; where such accommodation is necessary, it should be provided by Government and not by the Native State. In hill stations such as Mahableshwar the provision of a house, whether on loan, lease or other terms, by a Native State for a Political Officer or his family should not be allowed without the special sanction of the Government of India.

6. The Governor in Council will recognise that by the instructions contained in this and Sir L. Dane's letter No. 4986-I.B., dated the 31st December 1907, the Resolution of the Government of India in the Foreign Department No. 1600-G., dated the 31st July 1905, has now been superseded. I am to request that, with His Excellency's permission, such further action as may be necessary may now be taken, and that these revised orders may be communicated for information and guidance to all Political Officers.

I'm glad for your relief has come
it so I do not suppose you will need
the car to leave you as before, but if
all means run up to Blenheim for
by a two or three to see the Civil
Surgeon if you want to. I am very
that you should still be suffering from
that horrible attack. I hope that you

British Administration, when, in the near future,
the ~~young~~ Nawab is installed on the Gadi.
My service which is now of the second kind
will be service of the first kind, if I should
continue in my present post, and, instead
of continuing to pay pension contribution
on my present pay, I shall have to pay
pension contribution on my ~~present~~ ^{future} pay,
Rs 125 as Head Clerk to the Collector of
Dharwar. This will entail a heavy loss
in my pension, when I should retire, vide
articles 754 and 765 of the Civil Service

Regulations, Edition 1903, and 12

4) I have not put in sufficient
service as to enable me to retire on full
pension. I shall have neither the age nor
the service to entitle me to full pension
about the time that the Nawab will be
installed on the Gadi. I shall complete
a period of only 25 years' service in
January 1912.

5) My official position after the Nawab's
installation, would be most precarious.

of my continued earnings, present post - I shall
have to pay pension contribution on my
initial pay Rs 125, and thus lose a lot of
pension and if I do not, I shall have to
revert to my post as head clerk to the
Collection of Dhariwar, which would, a great
mean great hardship, after serving the
state for eight years and paying pension
contribution all along at the rate of
one sixth of my pay.

6) I have been serving as Duan for
the last eight years. The way in which I
have discharged my duties in my various
capacities as a Revenue Officer, Judge
First class District Magistrate, District
officer, etc etc, will be apparent from the
accompanying report and the remarks made by the
European Officers under whom I had the
honour of serving.

7) You are already aware as Political
Agent, Dhariwar, and Commissioner S. D.,
of the improvements which have taken

place in ~~Saravali~~ ~~and~~ ~~has~~ ~~responsible~~ the
post of the ~~Division~~ is in consequence of
the development which the Administration
has under a long British Political Agency
undergone in its various branches. The post
of the ~~Division~~ of Saravali with its
multifarious duties of official and semi-official,
is much more responsible than that of the
Mamaldar of a Taluka. There is no department
of the State with which the Division is not
connected and which he is not expected
to supervise.

8) I belong to a family which is well-known
in this part of the country. My great-grand-
father was a Dewan, my grandfather a
Mamaldar, my father a Deputy Collector
and my uncle and brother, Mamaldars.
My family has rendered faithful service to
the British Government during the past
sixty years.

The accompanying certificates
will bear testimony to the social position
of my family and myself and will also
show that I was once recommended for the

special reasons and special emergencies
for appointing me to a Mamalat. My
appointment to a Mamalat (being seconded),
will not only relieve me, as an old servant
of Government, from the precarious official
position when the Nawab is in power, but
it will enable me to pay pension distribution
on the different grades of pay, to which,
as Mamaldar, I may rise, in due course,
by the time I shall be qualified to retire.
This arrangement will enable me to
continue to serve as usual and at the
same time will involve no loss of pension.

For this act of kindness I shall

feel ever grateful

all my distinguished friends

Respected Sir,

your most obedient servant

Sonabai
